ICC Angkor holds 36th Technical Session in Siem Reap

Khmer Times /

At the meeting on Angkor in Siem Reap. AKP

(English summary of the article above)

According to the APSARA National Authority, the meeting discussed and monitored the implementation of the recommendations adopted at the 35th Technical Session and the 28th Plenary Session in March 2022, as well as reviewing the activity reports of the technical restoration team.

The reports reviewed at this meeting reflected the work of the Ad Hoc experts, which visited the site from Dec. 6 to 12, 2022, and the reports will be included in the Plenary Session today.
